

Gerry Mattia
Consultant

“If you always do what you always did, then you always get what you always got.”

– Gerry Mattia, Consultant, TRI Corporation

Leadership/Industry Expertise

Gerry Mattia, a consultant with TRI Corporation, is founder of Mattia & Associates, Inc. She specializes in Leadership and Team Development programs and a variety of creative Management Training Techniques. These Programs focus on assisting leaders with creating and maintaining high performance teams. Gerry also trains leaders in facilitation skills, change management, process improvement and building environments that facilitate employee commitment and collaboration.

Clients

Clients include General Electric, MayTag, Conesco, Tri Corporation, American Banking Association, National Football League

Bio

Gerry is currently a member of GE's Global Leadership Training Center a.k.a. Crotonville, in Ossining, New York. She is involved in a number of programs at all levels, covering a variety of Leadership topics and Corporate initiatives. Gerry also helps many client customers – she assists in building a better understanding and more effective rapport, which benefits both parties. Her work has proven to be invaluable.

Before her role with GE, Gerry was a physiologist with Aetna Life & Casualty Insurance Company. She also spent four years as an Athletic Trainer at Phillips Andover Academy, Andover, Massachusetts. Gerry was the first woman Sports Medicine Athletic Trainer in the school's 200+ year history.
